## Career Objective

Motivated and detail-oriented Computer Science graduate with strong skills in web development and software design. Passionate about creating efficient digital solutions that improve user experience. Seeking an entry-level web developer role to apply my technical expertise and contribute to innovative projects.

## Technical Skills

HTML, CSS, JavaScript, Git, GitHub

## Projects

Admission Enquiry Chatbot

- Developed a chatbot to handle student admission enquiries automatically.
- Integrated intent recognition and response flows to answer questions on admission, fees, and deadlines.
- Improved communication efficiency and reduced manual workload for school staff.

E-commerce Website

- Built a full-stack e-commerce platform for browsing, cart management, and secure online payment.
- Designed an admin dashboard for product, order, and customer management.
- Ensured responsive design and optimized loading time for better user experience.
